To,  
The Manager,  
Sai Samsthan USA  
1101 Foran Lane, Aurora, IL 60506 USA,

Our rotary club Global Champions received a need for an ambulance at Kothapally, a tribal village near Bhadrachalam 8 months back. Then we reached out to you for your support for this project. We felt very happy after hearing from you that you are ready to support to this project. We initially thought that you will support this project with partial funding. After few discussions, you came forward to support it with 100% donation. As promised, you transferred 7.49 lakhs to Adarsha automobiles Attapur few months back. We can't express our appreciation in words for your noble gesture. Your donation helped us buying the ambulance with required infrastructure of auto loading stretcher, oxygen cylinder provisioning, essential life parameters monitoring, etc, this vehicle was handed over to Kothapally gram panchayat on March 7<sup>th</sup> by our district governor Rtn K Prabhakar in front of huge gathering of villagers from 6 plus gram panchayats who are going to get benefitted by this ambulance. It was a big festival for all these 6 gram panchayats as they all know that their lives will be secured in case of emergency. The credit for this project goes to Sai Samsthan USA for wholehearted support.

Rotary relationship with your organization is 1 plus year old as you supported us with 20+ oxygen emergency beds 1 year back. Your timely help during the peak covid wave in India helped us in providing the essential hospital infrastructure to government hospitals so that they can serve more and more covid patients. Your support with oxygen beds helped us in saving few lives. We thank you very much for that.

Looking forward in working with your organization in supporting the needy people and communities in future as well.
